Seeking a full-time position in software development that offers growth towards technical leadership.

---

## EDUCATION

### The University of Texas at San Antonio

Bachelors of Science in Computer Science, Expected Graduation (May 2018): Cumulative GPA- 3.39

Association for Computing Machinery [ACM]

**Concentrations: Software Engineering, Computer and Information Security**

#### Significant Projects

*A.O.L. Messenger Team Project:* Implemented java sockets in a Client-Server style architecture for an instant messaging desktop application.

*Rowdy Beats Android app:* led the team as Scrum Master to gather Software Requirements Specifications from a client and developed a functional music streaming mobile app which consisted of a custom built radio station broadcast, newsfeed, and alarm system.

*Personal Website:* Built a responsive portfolio website using a mobile-first approach with a combination of HTML, CSS, Javascript, jQuery and PHP.

*UNIX shell:* Recreated a custom unix shell which parsed command line arguments and created processes by invoking the system calls fork, exec, and also implemented support for backgrounding.

### Northwest Vista College- San Antonio, TX

Associate of Science in Computer Science, Spring 2016: GPA- 3.6

Phi Theta Kappa Honor Society

---
